1. This Office action is in response to the amendment filed 3/9/06. Claims 2-6, 12, 26, and 27 have been amended. Claims 1, 7-11, 13-25, and 28-34 have been canceled. Claims 35-38 have been added.

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

3. Claims 2-6, 12, 26, 27, and 35-38 are allowed.

4. The following is an examiner's statement of reasons for allowance:

Each previously objected dependent claim has been rewritten in independent form, rendering the claims allowable. The prior art does not show a blister package having conductive traces that define a pattern of intersecting sets of parallel traces, said traces positioned on the backing sheet so that more than one thereof will intersect each of the blisters when the replicate is attached to the package. This is considered unobvious when compared to the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
